Town of Wappinger
CR 93 (Middlebush Rd/Myers Corners Rd) Corridor Management Plan
Public Meeting #2 Comment Sheet

A) OVERVIEW

The CR 93 Corridor Management Plan started as a request from the Town of Wappinger to Dutchess County Public Works, who recommended that the project be brought to the Poughkeepsie-Dutchess County Transportation Council (PDCTC) for placement on their work program. When complete, the plan will provide transportation and land use recommendations to improve existing and future travel along the corridor.

Tonight's meeting focuses on transportation and land use strategies developed by the study team.
